### PAPERBOX „COLLECT & SHRED“

The safe alternative to external shred services:  
The mobile collecting box is an intermediate storage container for unwanted files and documents. It is one element of an in-house solution for efficient document security when used in conjunction with centralised high-capacity shredders.

- lockable lid with removable key
- slot for safe disposal of documents
- high storage volume of 125 litres
- practical handle for easy transportation
- smooth running, lockable wheels
- storage space for outdated files or full wastepaper baskets
