LASER MULTI-FUNCTION

Compact and Stylish
The All-in-One A4
Multi-Function Printer

The Panasonic KX-MB2000 Series of compact multi-functional printers are an excellent choice for small offices and remote home offices. They feature a 24-ppm high-speed printer, diverse copy functions, a high-resolution colour scanner with up to 9600 dpi (interpolated), a 33.6 kbps Super G3 Fax[1], and a standard network connection[2]. They also come bundled with the Easy Print Utility, which includes a print image control function that simplifies the production of complex documents. The compact KX-MB2000 Series body contains the functions you need for business.

[2] Not available on the KX-MB2025CX.

Data Merge and Print
Easy Print Utility

The Easy Print Utility is an integrated printing tool that lets you merge and print files created using different applications, such as Microsoft Word and Excel.
You can check the final image on a PC before printing, or edit the layout by rearranging pages or changing the pages to a 2-in-1, or all the way up to a 16-in-1 format. You can also add a header, footer or watermark to documents before printing. After editing the layout, you can save the image as a PDF file. These functions greatly reduce the number of trial prints and misprints.

Word, Excel, Power Point, PDF, JPEG etc.

Merge Print data and Edit Layout
Network or USB

Diverse Copy Layout Editing
Convenient Copy Functions

■ **Quick ID Copy**
Copy both sides of one or more ID or business cards consecutively, and then print onto a single page in the 2-in-1, 4-in-1 or 8-in-1 format. This reduces paper consumption and simplifies information management.

Both-side printed card
Card Front
Card Back
8 in 1

■ **Image Repeat**
Copy one original and print it repeatedly on a single page in the 2-in-1, 4-in-1 or 8-in-1 format. This makes it easy to produce items like tickets.

Card Front
8 in 1

Easy Scanning
Network Colour Scanner Function [1]

Documents can be easily scanned into a PC in colour. Scanned data can also be sent in the appropriate data format directly to the bundled OCR software on a PC, to easily convert it to editable text without requiring any PC operation. Scanned data can also be saved to a Windows share folder or an FTP server, without using a PC, and then sent by e-mail.

[1] Not available on the KX-MB2025CX. KX-MB2025CX can use colour scanner function via USB connection.

PDF / TIFF / JPEG   Network or USB   Network   FTP Server   Network   PC Shared Folder   E-mail

Reducing Unnecessary Printouts
Incoming Fax Web Preview Function [1][2]

You can read the faxes you receive on a PC first, and then decide whether you want to print them, save them to the PC, or delete them.
This previewing ability minimises wasteful printouts.

[1] Not available on the KX-MB2025CX and the KX-MB2010CX.
[2] LAN connection only

② Fax messages are viewed on the PC and unneeded faxes are deleted.
① Notification of fax reception is sent to the PC.
③ Printout or Deletion

Reliable Faxing with Voice Communication
Standard Handset [1]

The standard-equipped handset lets you call the recipient to confirm that a fax has arrived immediately after sending. This increases faxing reliability.

[1] Not available on the KX-MB2010CX.

Did you receive my fax?

Easy for Everyone to Use
Universal Design

■ **Tilted Control Panel**
The control panel is ergonomically tilted for easy use whether standing or sitting.

■ **Front Access**
Replacing consumables and replenishing paper are all done at the front side, for easy maintenance in a comfortable posture.

Easy Machine Management
Configuration Web Page [1]

You can check the device status and toner level with a Web browser, and make device system settings right from a PC.

[1] Not available on the KX-MB2025CX.
